

1 Build Your Profile

Show the world who you are. Fill in your name, interest, profession and add a pic (if you want). You're officially part of the Y4C community!

2 Sign Up for the Newsletter

Stay in the loop with our latest news, opportunities, events, and updates. You don't want to miss out!

3 Choose your language preference

The platform is available in 104 languages. Click the language button to the left of your account button and you will find the language you want to translate content to.

4 Explore the Resource Library

From publications, expert tips, to multiple learning toolkits, we've got all the tools you need. It's your go-to hub for knowledge and getting inspired.

5 Join the Community

Get social! Share ideas, connect with others, and be part of the conversation. This is your space to shine, learn, and grow together.

LET'S GET YOU STARTED!

Got an idea to share?

Use the **Activity Stream!**
Post quick thoughts, updates, or reflections for the community to see and engage with. Upload photos, videos, of your climate projects.

Want to comment or react to content?

You can use the like button under each content and use the comment function to engage and win points.

Looking for feedback or advice?

Start a discussion or post in the Activity Stream and invite others to share their thoughts. The community is here to support you!

Want to start a discussion?

Click the + button at the top and start a discussion. Whether it's a question, debate, or a space to gather opinions, this is your spot for deeper conversations.

Running or hosting an event?

Post it in the Events section, under the + button, so others can join, participate, or spread the word.

Have a big announcement or opportunities?

Use the topic feature under the + button to make sure everyone sees it and engages. Perfect for sharing major **milestones or calls for collaboration**. The topic feature also allows you to share your **blog posts, publications or news**.
